Background of Readjustment Counseling Services

The Vet Center Program was established by Congress in 1979 out of the recognition that a significant number of Vietnam era Veterans were still experiencing readjustment problems. Vet Centers are community based, and a branch of the Department of Veterans Affairs. The goal of the Vet Center program is to provide a broad range of counseling, outreach, and referral services to eligible Veterans and families in order to help them make a satisfying post-war readjustment to civilian life.
